

Dear Parents,

We are trying to be pro-active regarding the after school clubs for the 2010 – 2011 school year by requesting help from you, our parent body. The time constraints that will be placed on our teaching staff next year in regard to professional development will be great, therefore, we are asking for your help. As was done this year with our newly-formed chess club, parent volunteers will be needed to run the after school clubs with a teacher acting as moderator. Parents will report to the assigned teacher periodically but the teacher won't necessarily be present for the monthly meetings.

We are excited about this new path we are taking as a school family. It is important that our parents become actively involved in their children's education and this is certainly a part of it! We'd like to have at least two parents working on these clubs since some tend to attract many students. If you are interested in volunteering for one or more of the clubs please return the bottom of this page to the office as soon as possible so that we can coordinate them prior to the end of the summer.
